

## Erratum

Volume 139, Number 2 (1989), in the article "Mallows' Integral and Some Generalizations," by M. L. Glasser and C. Cosgrove, pages 533–536: The following changes should be made:

Page 533, Eq. (3): The second comma on the first line should be deleted.

Page 534, Eq. (5): In the exponent on the third line, the expression " $(\delta - \gamma)$ " should be changed to " $-(3\delta + \gamma)$ ".

Page 534, Eq. (5a): In the first line, the expression " $\sin u$ " should be changed to " $\sin xu$ "; in the second line, the expression " $2 + \cos^2 \pi/4x$ " should be changed to " $2\{1 - \operatorname{Re} \sqrt{1 - i \tan(\pi/2x)}\}$ ."

Page 534, Eq. (6): On the right hand side the expression " $x$ " should be changed to " $x^v$ ".

Page 535, Eq. (9): In the second line the expression " $)\pi/2$ " should be changed to " $\pi/2$ ".

Page 535, Eq. (10): In the second line, in the denominator of the expression following the summation sign, the expression " $(n + 1/2)$ " should be changed to " $(k + 1/2)$ ".

Page 535: In the sentence preceding Eq. (11) the citation should be to Ref. [5] rather than to Ref. [4].

The authors thank Professor P. de Doelder (Eindhoven) for pointing out several of these errors.
